

Titan Florida
11000 NW 121 Way
Medley, FL 33178
(800) 458-4250

This is to certify that Titan America® High Strength Masonry Cement, manufactured by Titan Florida, complies with the requirements of the American Society for Testing and Materials ASTM C-91 “Standard Specification for Masonry Cement”, for Type “S” and “M” Masonry Cement when mixed and tested according to ASTM C-270.

Titan America® High Strength Masonry Cement is manufactured by inter-grinding Portland Cement Clinker (meeting ASTM C-150), Gypsum and Limestone. During the manufacturing process air entraining and water repellent admixtures are added to enhance workability of the product.

This is to certify that Titan America® High Strength Masonry Cement is manufactured at Titan America’s Pennsuco Plant in Medley, FL. In addition, limestone mined for the purpose of cement manufacture is produced from the aggregate mines at Titan America’s Pennsuco Plant in Medley, FL 33178.

If we can be of any further assistance, please contact us at (800) 226-2057 or at www.titanamerica.com.

Sincerely,

A handwritten signature in black ink that reads "Victor Turiel".
